Principal Mr. N Watson

4th January 2016

Dear Parent,

As you will be aware the school has been growing and we have reached a point where the existing accommodation is not going to be adequate to meet our needs in the longer term.

In order to resolve this we have been working with the Education Authority to look at the options available to us in the future both in terms of the suitability of our buildings and also the site.

As all of these options are considered it is becoming apparent that our current site may not be big enough in the long term.

Therefore, the possible relocation of the school to another site within our catchment area over the course of the next 3-5 years is now under serious consideration and the EA are bringing forward a development proposal to that end.

Part of the Development Proposal process is a consultation with staff and parents and a meeting for all parents of children at the school has been scheduled for Monday 18th January 2016 at 7.00pm.

The meeting will be facilitated by the Principal, members of the Board of Governors and officials from the Education Authority Northern Ireland.

Yours sincerely

Neville Watson

PRINCIPAL
